Routing, Risk of Loss, Excess Shipments, and Delays

(a) Time is of the essence in the performance of this Order by Seller and Seller will take all necessary action, both normal and extraordinary, to ensure timely deliveries. Buyer's action in paying for or accepting any Goods will not constitute a waiver of any rights or remedies of Buyer, including Buyer's right to revoke acceptance and return any part of the Goods or the right to make a claim for damages because of the failure of the Goods to conform to this Order. For all non-conforming Goods, Seller will provide Buyer, at Buyer's election, a full refund or replacement of the Goods, at Seller's risk and expense, including transportation costs both ways. Buyer may, at its option, purchase substitute Goods in lieu of non-conforming Goods, and Seller will be liable for the difference in costs, less expenses saved by Buyer. Quality, Warranties

Seller warrants that all Goods delivered will strictly conform to the Order and all applicable specifications, quality documents and drawings, will be of good design, material, and workmanship, will be free of defects, will be merchantable and fit for their intended purpose, and will meet all applicable industrial and governmental safety standards. Seller further warrants that Seller will have title to and the right to sell such Goods at the time of delivery, and that all such Goods will be new (unless otherwise specified in this Order) at the time of delivery. Seller will also transfer to Buyer the warranties on goods and services incorporated into Goods. All warranties will survive any inspections, delivery, acceptance or payment by Buyer, and will run to Buyer, its successors, assigns, customers and users of Goods. Buyer may, at its option and without cost to Buyer, either (i) return for credit or refund any defective or nonconforming Goods, (ii) require prompt correction or replacement of the defective or nonconforming Goods, or (iii) repair the defective or nonconforming Goods and charge Seller for all related repair costs. Return to Seller of defective or nonconforming Goods and re-delivery to Buyer of corrected or replaced Goods shall be at Seller's expense and Seller shall pay for all other nonconforming Goods. Seller's warranties with respect to repaired or replaced Goods will be the same as the warranties given with respect to the original Goods. No approval of Seller's designs, drawings, samples, test results, procedures, processes, schedules or other items by Buyer under this Order will in any way limit or diminish Seller's warranties hereunder.

Indemnification

Seller agrees to defend, indemnify and hold Buyer, including its officers, directors, employees, parent, subsidiaries, affiliates and agents (collectively, the "indemnified Party"), harmless of and from any claim, loss, cost, damage, settlement or judgment arising out of Seller's provision of Goods to the Indemnified Party or the presence of Seller's employees, agents or subcontractors on the Indemnified Party's premises. This duty to defend, indemnify and hold harmless extends to any legal claim or proceeding, whether based on contract, warranty, infringement, strict liability in tort, negligence or other legal theory, and also extends not only to third party claims but also to any loss suffered directly by the Indemnified Party. Buyer is entitled to control Seller's defense of Buyer hereunder.

Insurance

Seller will furnish to Buyer a certificate of insurance showing that Seller has obtained insurance coverage in the following minimum amounts (or such higher minimum amounts as Buyer may, in its sole discretion, specify in writing): (a) Worker's Compensation - statutory limits for the state or states in which the work is to be performed; (b) Employer's Liability - \$1,000,000; (c) Commercial General Liability -

\$1,000,000 combined single limit per occurrence including Premises and Operations, Independent Contractors, Contractual Liability and Products and Completed Operations coverages; and (d) Automobile Liability (including owned, hired and non-owned vehicles) - \$1,000,000, combined single limit per occurrence. Such certificate will set forth the insurance company, amount of coverage, the policy numbers, and date of expiration, and will include a thirty days' notice of cancellation to Buyer clause. Buyer must be named as an additional insured party under each of these policies with the exception of the worker's compensation policy. Such insurance coverage must be maintained by Seller at all times while it is performing work under this Order. Compliance by Seller with these insurance requirements does not affect Seller's indemnification or other liabilities under this Order.

Property and Tooling

Buyer will be the owner of any equipment, tooling or fixturing furnished or paid for by Buyer (collectively, "Buyer tooling"). Seller will, to the extent feasible, identify Buyer tooling as Buyer directs and will dispose of Buyer property and tooling only in accordance with Buyer's written instructions. Seller assumes complete liability for any Buyer property and tooling and Seller agrees to pay for all repair, maintenance and replacement of Buyer property and tooling.

Unless otherwise authorized in writing by Buyer, Seller will use Buyer property and tooling solely in the performance of purchase orders for Buyer, Buyer reserves the right to request and receive a list of Buyer property and tooling in Seller's possession and to audit such list against Buyer property and tooling at Seller's facilities.

Materials

If Buyer furnishes any material for fabrication under this Order, then: (A) Seller will not substitute any other material in such fabrication without Buyer's written consent; (B) Buyer's title to such materials shall not be affected by incorporation or attachment to any other property; (C) Seller will maintain strict accountability to ensure positive individual lot integrity of finished product; and (D) all such material (except that which becomes normal industrial waste or is replaced at Seller's expense) will be returned in the form of product or unused material to Buyer. Inaccuracies, out of tolerance conditions or inadequacies in quality of materials accepted by Seller will not excuse performance in strict accordance with the applicable specifications, quality documents and drawings. Any industrial waste/scrap from Buyer-furnished material will, if requested by Buyer, be owned by Buyer and collected and segregated by Seller for pick-up by Buyer. Any industrial waste/scrap from Buyer-furnished material in excess of the allowance specified by Buyer will result in Seller being debited for the cost of the excess materials plus appropriate labor and overhead burdens.

Buyer's Property, Confidentiality

Seller shall be liable for the safe keeping, maintaining, and preservation of materials, tools, designs, patterns, drawings, and other property of Buyer in its possession and shall replace or repair without cost or expense to Buyer all such property which is lost, damaged, or destroyed while in Seller's possession. Buyer retains title and ownership of all information, materials and intellectual property furnished to Seller in connection with performance of this Order, and the same will be: (i) treated as Buyer's confidential information, segregated from Seller's property, and individually marked and identified as Buyer's property; (ii) used by Seller exclusively for the purpose of completing this Order; and (iii) returned to Buyer at Buyer's direction upon completion, termination, or cancellation of this order, along with all copies or reproductions, unless otherwise agreed in writing by Buyer.

Cancellation

This order may be cancelled by Buyer at any time in whole or in part by written notification to Seller. Buyer shall have the right to request communications with senior management or other employees of Seller regarding Seller's performance. Seller shall make per appropriate persons available to meet with representatives of Buyer as soon as practicable following a request for such communication, and Seller shall make available to Buyer all information, reports, or other materials in connection therewith as Buyer may reasonably request. When Seller Quality and Delivery performance data is provided by Buyer and Buyer has deemed improvement activity is necessary, Seller agrees to work with Buyer to develop and implement processes designed to improve Seller's performance. Seller shall provide Buyer with sufficient detail to allow Buyer to evaluate the progress, as requested.
